USER GUIDE

CAUTION

Your beverage dispenser is not made for hot beverages.

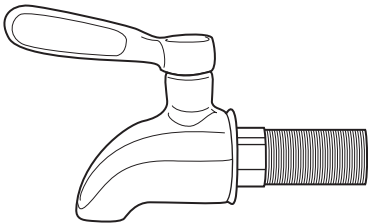

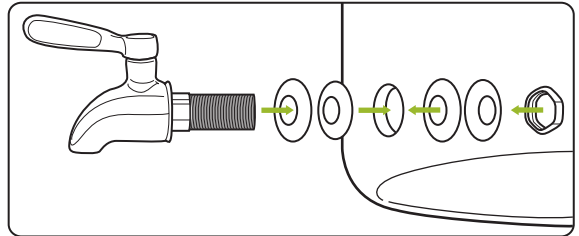

Any use of hot beverages in this container may result in product malfunction, and/or serious bodily harm. Your beverage dispenser should be filled only in the place of its intended use; it should never be moved when full. Make sure the beverage dispenser is placed on a flat even surface before filling with liquid. Never attempt to lift the product by lid or top. Use only crushed ice, as whole ice may damage your beverage dispenser. The beverage dispenser is to be used with cold beverages only.

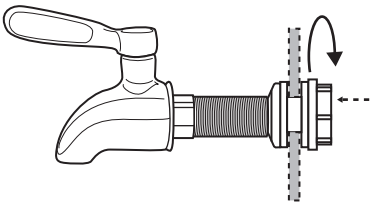

GETTING STARTED

As with any new product, wash before first, and after every use. Use cold water, and wash by hand.

Run clean water through the spout to clean.

1. Gently insert the spout through the gasket. Make sure special attention is paid not to force the spout. It may have to be rotated clockwise to get it in.

2. The stainless steel nut should be screwed on by hand. **DO NOT** over or under tighten the spout.

WASHING INSTRUCTIONS

Hand wash in cold water only.
