PLUTV40BK

4" Waterproof Rated Off-Road Speakers
900W Compact Power Sport Vehicle
Speaker System for ATV, UTV, 4x4, Jeep (Pair)

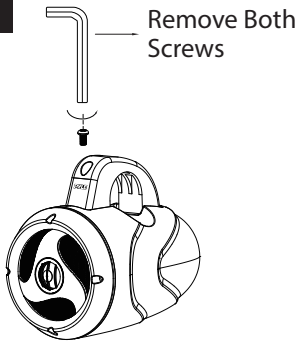

User Manual

PLUTV40BK Installation

Please note:

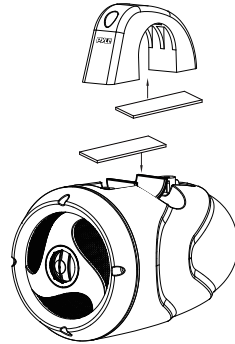

The below instructions refers to most common bar sizes: 1.5", 1.75" and 2". But using the supplied rubber pads will allow you to mount these speakers on any bar size measured between 1.5" and 2".

Step 1

Remove the two screws from the bracket to separate the speaker pod and the bracket.

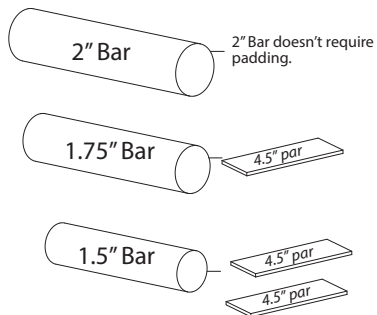

Step 2

The rubber pads will need to be cut to length, so they fit the speaker pod and the bracket. After the rubber pads have been cut, remove the white protective layer and stick them to the speaker pod and the bracket.

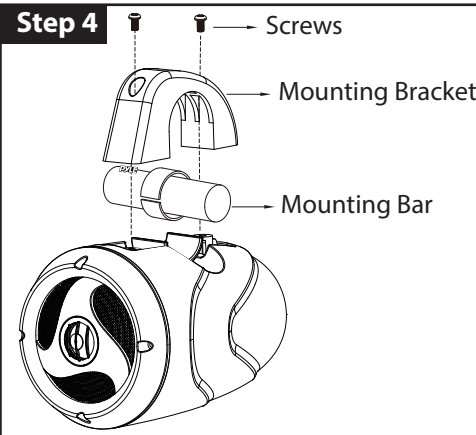

Step 3

* The pad should go all the way around the bar. If the pad is too long, cut the extra length.

Remove the backing off the pad and wrap it around the bar.

Step 4

Screw the two screws evenly, until snug. Once the position is verified, tighten the screws another half-turn.

DO NOT OVERTIGHTEN!

Features:

- Pro Audio Power Sport Speakers
- Compact & High-Powered Output
- Marine Grade Waterproof Rated Construction
- Weatherproof & Water-Resistant Housing
- Sound System: (2) x 4" Woofers + (2) x 1" Tweeters
