## PMP66WLT - PMP67WLTB

### Waterproof Megaphone

### USER MANUAL

This user manual contains important information for safe operation and optimal megaphone performance. Please carefully read and follow safety notes and instructions. Save this manual for future reference. Make sure that it is available to all persons using this device.

## SAFETY

This megaphone is intended to be used only as described in this user manual. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or device damage. Please use the megaphone as described and under supervision if used by children or minors.

- Ensure that plastic bags, packaging, etc.
- Never let children unattended use electrical devices.

### **for PMP66WLT unit only**

- Correct polarity must be observed while inserting the batteries
- Incorrectly inserted batteries may cause damage and risk of fire.
- Leaking batteries can cause permanent damage to the device.
- Remove batteries if the megaphone will not be used for long periods of time.

## OPERATING INSTRUCTIONS

**"Siren" Button:** Press this button to activate a continuous siren alarm

**"Light" Button:** Press this button to activate the LED lights

- The rotary control switch is for convenient and adjustable volume control setting
- Scrolling the rotary control switch all the way to the left (until you hear a "click" sound, will power **OFF** the megaphone system).

- Hold your mouth close to and in line with the foam microphone screen.  
Use a normal to slightly increased speaking volume to maximize clarity.
- Adjust the volume to a level where there is no feedback (howling, squeaking or squealing sounds). This level will differ depending upon the openness of the area of operation and the volume of your speaking voice.
- To maximize volume and clarity, point the megaphone directly toward your listeners from a safe distance.
- To reduce feedback, do not aim the Megaphone directly at solid surfaces or the water.

**PMP66WLT**  
**Water Resistant PA Bullhorn Speaker**  
**with Siren Alarm and Built-in LED Light**

**Features:**

- High-Powered Digital Megaphone System
- Marine Grade Waterproof Construction
