### ELECTRIC BUG ZAPPER

#### User Manual

The **Electric Bug Zapper** utilizes the black light (ultra-violet rays) of the wave length, which is proved to be the most effective lure for light sensitive flying insects, such as flies, moths, mosquitoes, and other flying insects. These insects are electrocuted by the high voltage inner grid. No chemicals, no smell, no sprays, no mess, pollution free and harmless to humans and pets. It is ideal for using in houses, office, factories, food outlets, hospitals and other places.

#### WARNINGS:

1. **HIGH VOLTAGE!** ⚡ **DO NOT** touch the inner electric grids.
2. Children cannot play with it.
3. Never put metal objects inside the grids while in operation.
4. Keep away from flammables.
5. Check the local voltage before operating.
6. Hang it from the ceiling or a place where children cannot reach.
7. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
8. **DO NOT USE** the **Electric Bug Zapper** in a garage, stable or similar places.
9. Clean the collection tray regularly. We suggest that you clean the device monthly or earlier if necessary.
10. For Household use only.
11. The appliance can be used by children aged from 8 years and above, and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they were given supervision or instructions concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.
12. Keep the appliance and its cord out of reach of children less than 8 years old.
13. Children should be supervised to ensure that they do not play with the appliance.

#### THE COMPULSORY CAUTIONS:

"This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety"
