Product Description

This power step down converter lets you use 12 V appliances in vehicles that normally supply 24 V of power. Now you can use your car stereo, CB radio, fog lights, etc. in your truck, RV, or bus! Get standard cigarette lighter voltage from your 24 V battery setup. This unit is capable of outputting 120 watts continuous, and up to 240 watts peak. For safety, it's equipped with short circuit, overload, high voltage, and low voltage protection. The fuse is rated for up to 10 amps.

Features:

- Universal Step-Down, Power Supply Converter
- Designed for Use in 24 Volt Vehicles
- Allows Installation of 12 Volt Electronic Devices
- Unique 'Switchmode' Type Control Circuit
- PWM (Pulse Width Modulation) Power Technology
(Works with Car Stereo, CB Radio, Fog Lights, etc.)
- Integrated Electrical Safety Protection
- Short Circuit, Over Load, High Voltage & Low Voltage Safety Functions
- For Car, Truck, Van, Bus, Trailer, RV - Mobile Vehicle Applications

Technical Specs:

- Power Output 240 Watt PEAK (120 Watt CONTINUOUS)
- Input Voltage: 24V, DC
- Output Voltage: 12.5V-12.8V, DC
- No Load Current Draw: <0.2 Amp
- Converse Efficiency: 85%
- Fuse Rating: 10A
- Dimensions (L x W x H):
4.72" x 3.34" x 1.88" -inches
