## WIRELESS BT STREAMING OPERATION INSTRUCTION:

External devices which have a built-in Wireless BT feature can be connected to this amplifier wirelessly to play through the amplifier's speakers. If your amp is connected to speakers, you will hear audible tones which will help for connecting.

1. Press the "INPUT" button located on the front panel and select "BT" mode.
2. Turn ON the Wireless BT of your external device.
3. Search for available BT devices and make sure to be within range of your amp, and wait for your device to select "Pyle Speaker" on the pairing devices lists of Wireless BT networks.
4. The unit is automatically ready to pair with your devices when you hear audible tones.
5. Now you can play music on your external device through the amplifier.
