A-Frame Sidewalk Signboard

USER MANUAL

A-Frame Sidewalk Signboard

A-frame signs can be extremely effective in getting a message out in your local area. Businesses and social organizations alike can benefit from displaying posters in this A-frame sign.

An obvious concern for A-frame signs is that the weather can easily wreck your posters. Thankfully, we have designed this sign to be 100% waterproof and also provide a layer of protection for your marketing materials.

Features

- * Made of sturdy high-density polyethylene material for longer life span
- * Foldable construction for easy storage (Figure 1)
- * A-frame design and no-slip base ensure better stability (Figure 2)
- * Double-side blank board attaches two signs (Figure 3)
- * Built in carry handle, easy to carry (Figure 4)
- * Can be filled with water for more stability to stand even strong winds (Figure 5) 10L water capacity
- * No installation required
- * PVC covers included protect the posters against bad weather, 100% waterproof (Figure 6)
- * Two or more A-Frame signboards can be hooked together by chains (Not included) (Figure 7)
- * Works great for restaurants, cafes, pubs, retail stores, markets, etc.
