

SLBIKIT15 Multi-Functional Tool Kit

Emergency Repair Pocket Hand Tools with Built-in Flashlight **USER MANUAL**

SereneLife

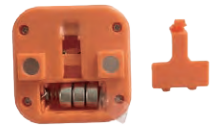

When using tools, please take out the torch and tape measure parts of the body.

Battery Replacement

1. Open the battery cover
2. Insert 3 *AG-13 Batteries with correct polarity ends.

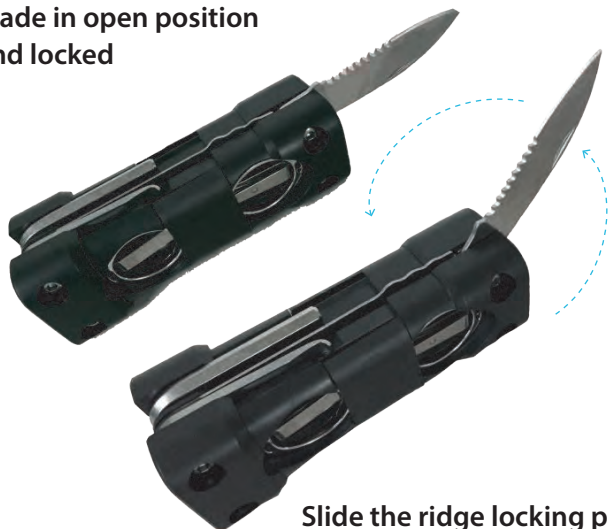

Note: The torch has a built-in magnet that can be attached firmly to any iron objects (including top of a car)

⚠ CAUTION

Knife Instructions

This multi-tool has a sharp knife blade! Use with caution when opening. Make sure the blade clicks into locked position before using. Not following this procedure may result in serious injury. **KEEP AWAY FROM CHILDREN.** To unlock blade, slide the ridge locking piece to the left, as this will disengage the lock then carefully fold the knife back into closed position.

Blade in open position and locked
